Cambridge Library Collection, United Kingdom, 2014. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Clergyman, schoolmaster and writer on aesthetics, William Gilpin (1724-1804) is best known for his works on the picturesque. In his *Essay on Prints*, published in 1768 and reissued in this series, he defined picturesque as a term expressive of that peculiar kind of beauty, which is agreeable in a picture . First published in 1809, the present work is one of a series which records his reflections on the picturesque across British landscapes. It traces two journeys he made equipped with notebook and sketching materials: the first in 1769 across East Anglia, and the second in 1773 from Anglesey south-east to Shrewsbury. He describes his impression of notable sites such as Cambridge, Houghton Hall and its art collection, Beaumaris Castle and Snowdon, and includes reproductions of his pen-and-wash drawings. The companion volumes of *Observations on other parts of Britain* are also reissued in the Cambridge Library Collection.
