

The Bible, Genesis Geology: Rightly-Dividing Geology and Genesis (Paperback)

By Gaines R Johnson

Createspace Independent Publishing Platform, United States, 2013. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Most people believe the seven days of Genesis to be some enigmatic description of the Earth's geologic history, but Scripture does not support this. There is a time gap between the first two verses of Genesis. In this book you will learn about a literal interpretation of the Genesis narrative that does not contradict the scientific evidence for an Old Earth. The Gap Theory or Ruin-Reconstruction interpretation is a theological doctrine much older than Darwin's Theory of Evolution. It is based on the Scriptural fact that in the second verse of Genesis, the Holy Bible simply and clearly states that the planet Earth was already here in a ruined state before the creative process of the seven days begins. The Bible itself provides insight into a great mystery in Earth's natural history at what is known as the Pleistocene - Holocene boundary. Science remains at a loss to definitively explain the Ice Age and the anomaly of the mysterious mega fauna extinctions across the face of the Earth about 13,000 to 10,000 Radio Carbon years ago....
