TOPICAL FLUORIDES. A LITERATURE REVIEW

Anchor Academic Publishing Jun 2017, 2017. Taschenbuch. Condition: Neu. Neuware - Dental caries is a multi factorial, bacterial, chronic infection that affects millions of people in the world and has become a public health problem. Also referred to as tooth decay, this disease is one of the most common disorders throughout the world, second only to the common cold. Dental caries is the most common chronic childhood disease in the United States and is 5 to 7 times more common...
