Chaos to Order Publishing, 2015. Paperback. Condition: New. Large type / large print edition. Language: English . Brand New Book ***** Print on Demand *****.In an age of conformity brought on by huge cult-like corporations and ubiquitous social media is there still a road less traveled one might choose to follow? How better to confront the conformity of the 21st century than by consulting history s seven great freethinking philosophers? We live in a time of stereotypical ignorance: Christians have narrow minds and oppose diversity, Muslims value blind faith over reason, and Women have never made any great contributions to philosophy. Seven Great Freethinking Philosophers crushes these, and many other, myths by detailing how seven great minds fought against conformity in their own ages and left us an inheritance of thought, now almost forgotten, fundamental to such things as human dignity, the scientific method, healthy living, and academic and religious freedom. Based upon Half-Hours With The Free Thinkers, yet with brand new selections on Augustine, Averroes, and Edith Stein this new version of a classic is a must read for all current, or aspiring, freethinkers.
