CrossFit is a broad fitness category, although it focuses on strengthening the core, building endurance and improving strength. It combines high intensity exercises with medicine balls, kettlebells and cardio exercise. It can also compliment other sports and fitness programs. CrossFit has continuously evolved during the past few years and has helped a lot of people attain their fitness goals. Despite common notion, CrossFit is not too difficult. You might feel sore during the first few sessions but this is only because you are trying something new. CrossFit is versatile which means that you can adjust the weight and intensity to suit your current fitness level. You can gradually increase the intensity as you get better. CrossFit also has a great community that aims to support CrossFitters. Should you need help determining the workout that's best for unique circumstances, you can easily seek help. This book contains a lot of information about...
