Born Into the Fire (Paperback)

By MR John C Polcaro

Createspace, United States, 2013. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. This book represents a collection of poems about America; about the promises and about a life largely unfulfilled. It is an America about greed that has lost it s way, lost it s commission from God and turned into a tyrant owned by the wealthy and about hopelessness. It is an America that has deceived, lied to and stolen from it s citizens on a broad and consistent basis. It is about an America without conscience or morals where the great evil, money is the power, the only power. It is an America where the government no longer serves the people but, rather, the people exist to serve the government. It is America that pursues war over peace and spying on whole populations of it s own people at will. Last, it is an America where freedom is no longer a belief. It is an America where all are suspected as criminals rather than just citizens.
