The Role of Federal Military Forces in Domestic Disorders, 1945-1992, the third of three volumes on the history of Army domestic support operations, continues the story of institutional and other changes that took place in the Army during the postWorld War II years. Paul J. Scheips adeptly relies on official records and other contextual supporting materials to chronicle the U. S. Armys response to major social events in contemporary American societythe civil rights movement, including the integration of Central High School in Little Rock, Arkansas, and the University of Mississippi; the racial disturbances of the 1960s, especially the civil unrest in Chicago, Baltimore, and Washington, D. C. , following Martin Luther Kings assassination; the protest marches during the Vietnam conflict; and the controversies surrounding the Armys role at Wounded Knee and the race riot in Los Angeles in 1992. Despite occasional lapses, the Army has carried out its civil disturbance duties with moderation and restrainta testament to the common sense, flexibility, and initiative of highly disciplined soldiers at all levels of command. These hallmarks of a trained and ready force are invaluable not only during domestic civil support but also during the full range of military operations so prevalent in todays uncertain times. This item ships from La Vergne, TN. Paperback.
